Caney Fork Farm Fresh Organic Chestnuts

Once a towering presence in eastern forests, the American Chestnut sustained wildlife, rural communities, and ecosystems before a blight nearly wiped it out.

At Caney Fork Farms, we are helping bring this lost tree back by planting over 1,500 chestnuts, a mix of resilient Chinese and American-Chinese crosses.

Our certified organic fresh chestnuts are sweet, rich, naturally gluten free, and low in fat. They are perfect for roasting, incorporating into dishes, or milling into flour. Packed with vitamins, fiber, and flavor, they offer a nourishing way to reconnect with a historically significant crop.

\$11.99 per pound, or \$9.99 per pound when you order 10 pounds or more.

Shipping & Local Pickup:

Harvested fresh each week and shipped every Wednesday while in season via UPS ground.

For local pickup, chestnuts are able to be ordered 1 week in advance and sent to our CSA pickup locations in Carthage, Lebanon, Cookeville, and Nashville.
